

TUBE AMPLIFIER ET3-KT88

JOY OF LISTENING IN TOP CLASS QUALITY

The most important aspects summarized

Eternity-Jo introduces the ET3-KT88 tube amplifier from the ET series. Crafted in manual work in Switzerland the tube amplifier comes with the following functions and specifications:

- Triode/Pentode switchable
- Triode 2x 30 W_{RMS} (Sinus) at 8 Ω
- Pentode 2x 60 W_{RMS} (Sinus) at 8 Ω
- 12-step bias-current switch: Adjustment to speakers with efficiency of 84 – 97 dB
- Integrated amplifier or power amplifier – switchable!
- Bias-current control of the KT88 tubes (real time)
- Standby/heating mode only (listening pauses etc.)
- Van der Veen ring core transformer
- Remote control in a noble aluminum case

Uncompromising Quality

The noble case of the ET3-KT88 is milled out of an aluminum plate and available either in black or in anodized silver. We also offer other color options. For gaining top class sound, only hand-selected and pre-tested components are used.

See (or rather hear) for yourself

Make a noncommittal listening appointment at Eternity-Jo's in Schaffhausen in beautiful Switzerland. Per request, a test listening can be arranged at the customer's facilities with his/her existing range of equipment.

TUBE AMPLIFIER ET3-KT88

UNCOMPROMISING QUALITY

Special features

- Standby/heating only (listening pauses etc.)
- 12-step bias-current switch: Adjustment to speaker with efficiency of 84 – 97 dB
- Switch between integrated and power amplifier
- Processor-controlled bias-currents of the KT88 tubes
- Correction possibility for the single tubes at the front! No need to open the machine
- Test mode for adjusting the bias-currents
- Selectable display mode On/Off
- Indication of preheating phase
- IR remote with possibility to switch between sources
- Protective cover for tubes made of acrylic glass

Installed components

- Solen coupling capacitors
- Metal film (oxide) resistors 1% or 2%
- Only long-lasting 105 °C electrolytic capacitors
- Van der Veen transformer VDV3070
- Neutrik RCA sockets
- Schaffner line filter
- Ring core power transformer
- Several other high-quality components
- Case completely made out of aluminum

SWISS MADE

SWISS CRAFTED TUBE AMPS

TUBE AMPLIFIER ET3-KT88

PURE PERFORMANCE

Operation mode

Push-Pull Class AB - Super linear
Switchable between integrated and power amplifier

Power

Pentode 2 x 60 W_{RMS} (Sinus) at 8 Ω
Triode 2 x 30 W_{RMS} (Sinus) at 8 Ω

Frequency Response

16 Hz – 20 kHz ± 0.5 dB at 1 W_{RMS}
6 Hz – 30 kHz ± 1.5 dB at 20 W_{RMS}

Distortion Ratio

Less than 0.5% at 1 kHz / 10 W

Signal-to-noise Ratio

Higher than 95 dB

Input Sensitivity / Impedance

750 mV_{RMS} / 50 kΩ

Output Impedance

4-8 Ω – for speakers with an efficiency from 84 dB

Channel Options

CD - TUN - DVD - AUX

Installed Tubes

Pre-Amplifier/Driver: 4 x 6SN7GT – Tung-Sol
Power Amplifier: 4 x KT88 SED – S-Logo (Svetlana)
or 4 x KT88 Gold Lion (Genalex)

Supply Voltage

230 V AC, max 450 W

Power consumption

160 W, heating 70 W

Measures (w x d x h) / Weight

482 x 290 x 190 mm – 22.5 kg without packaging
